

Foreign Equity Markets Outlook 2010

For Singapore, Hong Kong, China & US

Register now for this FREE SEMINAR and gain valuable insight into trading and investment strategies with special focus in these markets. Organised by Affin Investment Bank, the "Foreign Equity Market Outlook 2010" is a research-based seminar featuring our retail Research Strategists from our foreign partner. This seminar will address the following key questions:

- The current trends in the global markets and how it affects us
- Market outlook and stock picks
- Where to put your money
- When to safeguard your money and when to invest
